

Specialized L-type transport stand for transporting JUMBO glass packages [6000x3210 mm]

Kod produktu: OF2239.00A
www.melka.com.pl

Data: 03.07.2026

The specialized MELKA L-type transport stand is a reliable solution for the safe transport of jumbo glass packages measuring up to 6000x3210 mm and with a load capacity of up to 31 tons. The robust steel structure with rubberized supports and safety features ensures stability and load protection during in-plant transport and loading onto inloaders. Ergonomic positioners and seals increase work efficiency and minimize the risk of damage.

Technical data:	OF 2239.00A
Total length:	6800 mm
Overall width:	1520 mm
Total height:	3275 mm
Curb weight:	900 kg
Working length:	6000 mm
Working width:	890 mm
Working height:	3000 / 3210 mm

Load capacity:	31,000 kg
----------------	-----------

Description:

- welded steel structure,
- 6 fixed basic lower brackets,
- base platform support covered with rubber with 16 mm thick fabric spacers
- 2 touch panels-positioners mounted on low rear supports, covered with a 5 mm Regupol rubber mat,
- the plate covering the floor of the stand is made of zinc sheet,
