

Double-sided stand for transporting glass in boxes measuring 3210x2550 mm

Kod produktu: OF1312.00

Data: 03.07.2026

www.melka.com.pl

The MELKA double-sided rack for transporting glass in crates measuring 3210x2550 mm is a robust and safe solution for the glass industry. Its adjustable steel structure with safety "combs" guarantees load stability and facilitates work organization, increasing the efficiency of transporting heavy crates with a load capacity of up to 20,000 kg.

Technical data:

- Total length: adjustable
- Overall width: 2360 mm
- Total height: 2530 mm
- Working length: adjustable
- Working width: 2x 910 mm
- Working height: 2450/2650 mm
- Load capacity 20,000 kg

Description;

Spray-painted steel construction. The bottom of the stand is equipped with steel "combs" that prevent the box from sliding off the stand.

There are 2 A sections per 1 set of stands
