

Pass-through storage stand for window joinery (buffer) [1200 mm]

Kod produktu: SJ-05/X/OF2345.00X
www.melka.com.pl

Data: 03.07.2026

The SJ-05/X/OF2345.00X Pass-Through Storage Rack is a reliable solution for the safe storage and transport of window frames with a working length of 1200 mm. Equipped with a polyamide rail for easy loading and plastic-lined partitions to protect frames from damage, it ensures optimal work organization and material protection. Its robust construction, capable of supporting up to 1000 kg, and forklift attachments ensure efficiency and safety in the production facility.
