

L-type rack for multi-level storage

Kod produktu: SJ-01J

Data: 03.07.2026

www.melka.com.pl

The SJ-01J L-type rack is a reliable solution for multi-level storage of materials in the glass, window, and stone industries. It enables safe transport and organization of storage space, increasing work efficiency thanks to the ability to stack both loaded and empty racks. Its durable construction guarantees stability and a load capacity of up to 1000 kg.

| Technical data: | SJ-01J |
|----------------------------|---------|
| Total length: | 1060 mm |
| Overall width: | 760 mm |
| Total height: | 1330 mm |
| Total weight: | 55 kg |
| Working length: | 1040 mm |
| Working width: | 530 mm |
| Working height: | 1060 mm |
| Permissible load capacity: | 1000 kg |

Description:

- Photo 2 shows the possibility of stacking loaded racks during transport. The height of such a setup is: 2600 mm.

- Photo 3 shows the possibility of storing empty racks. The height of the racks stored in this way is 2260 mm (7 pcs.) and the width is 1030 mm.
