The ST-02/OF1745.00A Assembly Table with Extendable Rubber Balls is an indispensable solution for the glass and window industry, enabling easy and safe rotation of heavy glass panes thanks to its retractable rubber balls. Adjustable height and a rubber mat on the tabletop ensure ergonomics and material protection, while a practical tool shelf streamlines workflow.

Technical data:	ST-02/OF1745.00A
Total length:	2500 mm
Overall width:	900 mm
Total height:	850÷950 mm
Load capacity:	150 kg
Number of balls:	27 pcs.

#### Description:

- The table top is covered with a rubber mat.
- The table is equipped with raised rubber balls that allow for easy rotation of the glass pane.
- Balls retractable below the working surface.
- Smooth height adjustment.
- The table is equipped with a shelf for tools.
