

Turntable for sealing and fitting assembly

Kod produktu: ST-10C

Data: 03.07.2026

www.melka.com.pl

The ST-10C rotary table is a reliable solution for sealing and fitting assembly, streamlining workflows in glass and window factories. Equipped with a rubber-coated rotating tabletop and height adjustment, it ensures ergonomics and operator safety. A foot brake and compressed air distribution block enhance precision and work comfort, integrating seamlessly with the production line.

Technical data:	ST-10C
Length:	2600 mm
Width:	1300 mm
Height:	900 mm
Load capacity:	200 kg

Description:

- The table top is covered with rubber tape.
- Rotation of the extendable table top 360 ° - manually.
- Smooth table height adjustment from 850 ÷ 950 mm, allowing it to be integrated into a production line.
- Compressed air distribution cube.
- The table is equipped with a brake controlled by a foot switch.
