

Crossbeam with suction cups for transporting 1/2 JUMBO glass panes

Kod produktu: WD-08A
www.melka.com.pl

Data: 03.07.2026

The WD-08A suction cup lifting beam is a reliable device for the safe transport of large JUMBO glass panes. With a load capacity of up to 540 kg and two safety circuits, it guarantees stability and protection during operation. It facilitates the organization of the logistics process, increasing efficiency and minimizing the risk of damage.

Description:

- The traverse with suction cups is used to transport JUMBO-sized glass
- Load capacity: 540 kg
- Minimum panel dimensions: 2000x1600 mm
- Power supply: 400 V or 230 V
- Curb weight: 115 kg
- Two safety circuits
