

# Handle for transporting a container using an overhead crane

Kod produktu: WD-03A  
[www.melka.com.pl](http://www.melka.com.pl)

Data: 03.07.2026

The WD-03A crane is a reliable solution for safely transporting containers using an overhead crane. Its robust construction and 2000 mm long chain and hook slings ensure stable lifting of loads up to 5000 kg. The product streamlines workflow, minimizing the risk of damage and increasing the efficiency of transport operations.

Technical data:	WD-03A
Total length:	2100 mm
Overall width:	1650 mm
Total height:	565 mm
Curb weight:	375 kg
Total load capacity:	5000 kg

Description:

- The transport handle is equipped with four-leg chain-hook slings with a length of 2000 mm.
