Description:

- The forks are designed for the safe transport of glass (6000x3210 mm; 3210x2550 mm). Multi-point mounting and adjustable clamping (from 0 to 180 mm) ensure safe movement. The forks should be stored on a specialized stationary stand. The forks are manufactured in accordance with applicable technical regulations. The manufacturer provides a safety certificate for each product confirming its compliance with Polish standards.
