

Forks for unloading glass packages (3210x2550 mm; 2550x1605 mm)

Kod produktu: PM1872.00D/WD-01A
www.melka.com.pl

Data: 03.07.2026

The PM1872.00D/WD-01A glass package unloading fork is a reliable tool for safely transporting large glass packages up to 3210x2550 mm. Adjustable clamping and multi-point mounting ensure load stability, minimizing the risk of damage during handling. The product meets Polish safety standards, supporting efficient and safe workflow in glass factories.

Technical data:	PM1872.00D/WD-01A
Total length:	2100 / 3700 mm
Overall width:	570 mm
Total height:	3140 mm
Total load capacity:	3000 kg
Working length:	3210 mm
Working width:	50-260 mm
Working height:	2550 mm
Curb weight:	270 kg

Description:

- The forks are designed for the safe transport of glass packages (3210x2550 mm; 2550x1600 mm). Multi-point mounting and holding of the glass package with adjustable pressure to the frame (from 50 to 260 mm) ensure safe movement. The forks should be stored on a specialized stationary stand. The forks are manufactured in accordance with applicable technical regulations. The manufacturer provides a safety certificate for each product confirming its compliance with Polish standards.
