The WZ-09A/OF1636.00 vertical storage trolley for cut profiles is a reliable solution for efficient space organization in glass, window, and stone workshops. It enables safe and ergonomic storage of profiles up to 2220 mm long, increasing order and streamlining access to materials. Its robust construction with a load capacity of 800 kg ensures stability and safety during operation.

Technical data:	WZ-09A/OF1636.00
Total length:	2220 mm
Overall width:	820 mm
Total height:	1500 mm
Number of storage chambers:	20 pcs.
Chamber width:	90 mm
Load capacity:	800 kg
