Data: 03.07.2026

The MELKA vertical storage trolley for profiles and reinforcements (OF2514.00) is a reliable solution for the glass, window, and stone industries. Height-adjustable divisions allow for safe and ergonomic storage of profiles of various sizes, streamlining workflow and minimizing the risk of damage. Equipped with sturdy wheels with brakes, the trolley is easy to transport and securely locks in place at the workstation.

Technical data:

- Total length: 1080 mm
- Total width: 740 mm
- Total height: 1680 mm
- Storage chamber dimensions: 100x100 mm
- Number of chambers: 48

Adjusting the height of the divisions allows the storage of profiles of different heights.

Trolley equipped with wheels:

- Swivel caster with brake with a polyamide wheel of 125 mm diameter - 2 pcs
- Fixed castor set with a polyamide wheel, diameter 125 mm - 2 pcs
